CONSTRUCTION

Triple-layer: steel + insulation + steel R-8.7

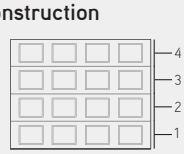

1. **26-gauge** pre-painted galvanized steel for high durability
2. **2" tongue-and-groove** meeting rail to provide a weathertight seal between sections, and rails are hemmed the entire length of the section for added strength and safety
3. **Polystyrene insulation** pressure bonded between two layers of steel for energy efficiency
4. **20-gauge white baked-on paint finish end stiles** for a nice clean look
5. **Full-length reinforcing plates** to solidly attach hinges and struts

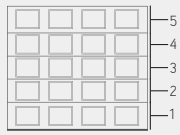

WINDLOAD Option — The Garaga Wind Load Option is only available for specific regions. Talk to your local garage door dealer for more information.
